

## 3x3x3

### Thank You!

1. **Dan Selicaro, Champlain.** Thank you for your continued work on the GMHEC website - your patience and knowledge has been so appreciated. And many thanks as well to **Matt Gagne, Champlain** for your willingness to step into this role as Dan steps away - welcome to the team!
2. **David Ludwig, Middlebury, IT Liaison to HCM; Adela Langrock, Middlebury, Data Governance Liaison to HCM; and Jennifer Archambault, Champlain, Stakeholder Relations Liaison to HCM.** A special thanks for being part of the HCM teams and your commitment to Project Ensemble.
3. **An extra thank you to everyone who has stepped into meetings for Project Ensemble colleagues during vacation times, summer travel, etc.** - your commitment to keeping our cross-functional communication going allows for important work to continue happening while teammates take the time needed to recharge and return reenergized. Thank you!!

### What's Happened?

1. **Two additional contractors have joined our team, and are actively contributing to our technical development work.**

Welcome to April Wright-Warren and Yash Sharma - these individuals will work closely with our IT project teams during the coming months on our integrations.

2. **NetCommunity for Advancement kicked off in July!**

Net Community - our online engagement and giving forms, as well as email marketing tool - officially kicked off in July; kick off included completing a visual design checklist and a demo call with the Advancement team.

3. **Sara Quintana, Champlain, and Kara Doner, Middlebury, recently joined the Project Ensemble team as Local Leads.**

Sara joins us as a Champlain College Local Lead for Stakeholder Relations, and Kara as a Middlebury College Local Lead for Recruiting/Admission. Welcome to Project Ensemble!

## What is Going to Happen?

1. **Eileen O'Rourke, Saint Michael's, will be joining the Project Ensemble team as a member of the HR Working Group.**

Eileen joins Saint Michael's College as the new Vice President of Human Resources. A huge thank you to **Tina Tenney**, Saint Michael's, for her leadership in Project Ensemble. Welcome Eileen!

2. **Single Sign On (SSO)** Efforts are underway to plan for Single Sign on for Oracle and Blackbaud at our local colleges. This presents a more seamless login effort for college systems.
3. **Testing. Testing. Testing.** This will be an ongoing effort as we test Oracle and Blackbaud for systems design and end users.
